 Subject: Carolina Water Service Complaint

My name is Ann O'Neill, I am a resident of the Forty Love Subdivision in Chapin, SC. I am contacting you to protest the huge rate increase Carolina Water is proposing. I have been a resident for approx. 6 years. In that time the the quality of water has been terrible. It smells, it is discolored, tastes terrible. All of our towels and clothing retain a foul, musty smell after washing. We have to purchase only bottled water for drinking because the water provided now tastes like bleach. When we try to take a bath, the water is so discolored and foul you wouldn't even considered bathing in it. When we complain they come out and "flush the lines. Our service is interrupted constantly the pressure is terrible and we never get a "credit" , we are just asked to continue to pay for poor

quality. It is difficult to fathom that a water company can exist with such poor quality and poor standards in our state.

Please let me know you have received this email and will forward it on the the appropriate contact.

Thank you,

Ann O'Neill
